

If you've been following our journey in revitalizing this iconic Cortez property, you'll notice we do things a little differently than the average seafood restaurant. What sets The Seafood Shack apart from the "typical" is our approach to the menu and the many ways Chef Gerard and the team turn "classic" items into unique and distinct dishes that you can only get at The Shack. Whether it's an old family recipe, a modern twist on a traditional preparation or utilizing local ingredients and products, our kitchen is always creating plates that become favorites that our guests come back for time and time again.

\* Free refills.

## ...A Piece of History

Long ago on the vibrant shoreline of an old fishing village called Cortez, a true classic in American seafood dining was born...

*The Seafood Shack Marina was built in 1971 on the sunny seaside of Cortez - a fishing village that was nicknamed "The Kitchen" by many residents for its wealth of fish, scallops, and other delicious seafood.*

*The success of the marina led to the addition of a restaurant. In 1972, The Seafood Shack Bar & Grill was born! The pleasant customer response led to several expansions over the years, resulting in today's two-storey restaurant and banquet facility.*

*"The Shack" became famous for its fresh seafood and local sensibilities, as well as tours of the Intracoastal Waterway aboard the 300 seat, 120 ft. paddlewheeler, called "The Showboat."*

*In 2014, new ownership and management began a re-imagining of the property focused on bringing The Shack back to its former glory. While The Seafood Shack may have changed hands, the traditions are still savored and experiences still thriving. Today, The Shack offers guests an updated "New Florida Flavor" while maintaining the legacy of its "Old Florida Feel."*
